Topics Covered In Health Care Law Solutions.

Health Care Law Essentials.

Health Care Law Compliance Manual

You can have the expertise of health care authorities and several law firms at your fingertips. A collaborative effort, this manual provides coverage of the issues that arise from compliance with federal health care laws and regulations.

Health Care Law Monthly

With timely articles written by legal experts specializing in all aspects of health care law, this title covers important legislative, regulatory and judicial changes relating to the current major issues in the field. It explains and analyzes significant developments and places them within the context of existing law and future trends. It focuses on the practical consequences of changes in the law, with helpful suggestions on how to respond.

Health Care Law: A Practical Guide

A comprehensive analytical and practical guide for handling the many legal issues facing all health care providers in today's dynamic environment. Each chapter contains a concise, comprehensive discussion of the law, analysis of problems likely to be faced by health care providers, and practical guidelines for dealing with those problems.

Medical Records Privacy Under HIPAA

This is the one map you'll need to lead you through this confusing maze of regulations. The 15 chapters included in the treatise provide in-depth coverage of how the regulations impact the way businesses maintain and disclose health care records.

Taxation Of Hospitals & Health Care Organizations

Written by one of America's leading experts on health law and its tax ramifications, this treatise examines everything from obtaining and holding onto tax-exempt status, to the day-to-day tax issues you face.

Treatise On Health Care Law

This definitive treatise covers the entire spectrum of legal issues involved in health care practice, serving as a primary reference work and authority. Leading figures in their fields discuss the broad range of concerns of health care practice today, such as: business aspects, relationship of individuals to health care organizations, financial issues, liability and patient care. This publication speeds your research with special features designed to pinpoint the information you need quickly, including: detailed chapter synopses; extensive statutory, regulatory and case citations and excerpted materials; timesaving state-by-state charts.
